

ROWAN LIN

Product Designer | UI/UX Designer | Digital Product Specialist
Rowanlin801229@gmail.com | +44 7765 193750 | <https://www.rowanlin1229.com/>

Product Designer with 5+ years of experience across B2B SaaS, e-commerce, and social impact, holding an MSc in UX Engineering (Distinction) from Goldsmiths, University of London. Proven track record of delivering measurable outcomes, including a 45% revenue uplift, scaling products to 1M+ users, and spearheading digital services that achieved a 100% government accessibility audit pass rate. Specialises in end-to-end product design, from user research and IA to high-fidelity prototyping and WCAG 2.2 compliant delivery. A T-shaped collaborator with foundational HTML/CSS knowledge, bridging the gap between design and engineering to reduce development friction and accelerate delivery cycles.

WORK EXPERIENCE

UI/UX Designer

Global Social Innovators (In-house – NGO)

London, UK

10/2025 – 3/2026

- Led a team of 2 designers to build a scalable Design System in Figma, establishing standardized component libraries that ensured visual and logical consistency across B2B SaaS platforms during rapid iterations.
- Established rigorous WCAG accessibility checklists and workflows, spearheading the compliance of government digital services and achieving a 100% official audit pass rate.
- Drove cross-functional collaboration to balance technical constraints with product requirements, successfully shortening the delivery cycle of complex enterprise systems (ERP/CRM) by approximately 20%.

Product Design Consultant

Freelance

London, UK

11/2021 – 9/2025

- Directed strategic stakeholder presentations for major Healthcare and Telecom clients, utilizing Visual Storytelling to articulate product roadmaps and successfully securing multiple high-value annual contracts.
- Personally executed HTML/CSS responsive development, maintaining strict quality control over front-end implementation to ensure pixel-perfect fidelity and optimal performance for global tech brands.
- Proactively resolved technical bottlenecks to optimize project tempo, resulting in a 25% reduction in development time (e.g., delivering 4-week projects within 3 weeks) without compromising quality.

Lead UI Designer

Intersense Tech (Agency - specialised in system integration)

Taipei, Taiwan

9/2020 – 10/2021

- Led a team of 2 designers to build a scalable Design System in Figma, establishing standardized component libraries that ensured visual and logical consistency across B2B SaaS platforms during rapid iterations.
- Established rigorous WCAG accessibility checklists and workflows, spearheading the compliance of government digital services and achieving a 100% official audit pass rate.
- Drove cross-functional collaboration to balance technical constraints with product requirements, successfully shortening the delivery cycle of complex enterprise systems (ERP/CRM) by approximately 20%.

Product Designer

Tones Design Ltd (Agency - specialised in design & marketing)

Taipei, Taiwan

6/2019 – 8/2020

- Directed strategic stakeholder presentations for major Healthcare and Telecom clients, utilizing Visual Storytelling to articulate product roadmaps and successfully securing multiple high-value annual contracts.
- Personally executed HTML/CSS responsive development, maintaining strict quality control over front-end implementation to ensure pixel-perfect fidelity and optimal performance for global tech brands.
- Proactively resolved technical bottlenecks to optimize project tempo, resulting in a 25% reduction in development time (e.g., delivering 4-week projects within 3 weeks) without compromising quality.

User Interface Designer

Hawsing Ltd (In-house - streaming provider)

Taipei, Taiwan

3/2018 – 5/2019

- Utilized A/B testing for data-driven UI optimizations, refining user journeys to support product scaling to 1M+ active users and driving a 45% uplift in revenue.
- Implemented "Zero-Friction" onboarding and Voice UI (VUI) strategies, effectively lowering barriers to entry and significantly boosting early-stage user retention to approximately 80%.
- Designed AI-driven monitoring interfaces for social care features, transforming the media platform into a high-impact social care solution, strengthening the value proposition and long-term user loyalty.

SKILLS

Technical Skills: UX Research, Interaction Design, Information Architecture, Wireframing, Prototyping, Usability Testing, Design Systems, Accessibility (WCAG 2.2), Figma, Product Analytics

Language Skills: Chinese (Native), English (Fluent)

EDUCATION

Goldsmiths, University of London

London, UK

Master of Science (MSc) in User Experience Engineering

9/2024 – 11/2025

Dissertation: Awarded Distinction for excellence in independent UX research and analysis
